

FCC Modular Approval Attestation

FCC ID: 2BEK7SFM10R4 is seeking FCC equipment authorization as

<input type="checkbox"/> Single Modular Transmitter
<input checked="" type="checkbox"/> Single Limited Modular Transmitter

Product Information			
Product Description:	Sigfox Module	FRN:	0034759704
Model Name(s):	SFM10R4	FCC Product ID:	N/A
		FCC Module ID:	2BEK7SFM10R4

Modular Checklist/Information	
<p>For <u>Modular Approval</u>, the module shall meet all the requirements listed below. Please check (☑) if the module complies with the stated requirement.</p>	
<input checked="" type="checkbox"/>	The modular transmitter must have its own shielding.
<input checked="" type="checkbox"/>	The modular transmitter must have buffered modulation/data inputs.
<input type="checkbox"/>	The modular transmitter must have its own power supply regulation.
<input type="checkbox"/>	The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(c).
<input checked="" type="checkbox"/>	The modular transmitter must tested in a stand-alone configuration.
<input checked="" type="checkbox"/>	The modular transmitter must be labeled with its own FCC ID number.
<input checked="" type="checkbox"/>	The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instruction along with the module to explain any such requirements.
<input checked="" type="checkbox"/>	The modular transmitter must comply with any applicable RF exposure requirements.
	<p>*Limited module note This module does not have it`s own power supply regulation. Therefore, Host product in which this module is installed must have the capability to provide the rated power supply as described in installation manual. -. The host device equipped with this transmitter module must be installed by a professional installer who is trained regarding the antenna installation conditions as outlined below: 1) The OEM manufacturer, responsible for installing this module into the host device, must ensure that end-users do not have access to the antenna and connector, in compliance with FCC Section 15.203. 2)The antenna used must be used in the specified antenna type and maximum antenna gain as listed in installation manual</p>
	<p>If a module(s) does NOT meet one or more of the above listed requirements, the applicant may request Limited Modular Approval (LMA). For LMA, please state details about why the above requirement(s) could not be met; and state how control of the end product, into which the module will be installed, will be maintained by the applicant / manufacturer, such that full compliance of the end product is always</p>
