1.蓝牙名 Earclip

2.单击播放暂停　　　Click Play Pause

3.双击回拨电话　　　Double-click the call back

4.来电时候 单击接听挂断 双击拒接 When you call, click answer hang up double click reject

5.长按 2S 开机 长按 5S 关机 Long press 2S boot　Long press 5S to turn off

6.连接手机后长按 2S 咚一声唤醒语音助手 After connecting to the mobile phone, long press the 2S dong to wake up the voice assistant

7.充电功能 Charging function

充电电流 30MA Charging current is 30MA

充满截止电流 7MA Full cut-off current of 7MA

3.3V 低电报警 45S 报一次 直到关机 3.3V low power alarm　45S newspaper once　Until the shutdown

3.1V 低电关机　3.1V low power shutdown

FCC ID: 2BEQB-GD28

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions

(1)this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation
