Microphone operation instructions

Operation Instruction

1. Bluetooth mode

- (1) Turn on Bluetooth by default, enter Bluetooth mode or short press the "Light Function Key" to switch to Bluetooth mode, open the Bluetooth scan on your phone, search for "National Ksong ZZA-K3", click pairing, and after successful connection, you will hear a prompt sound "Bluetooth connected".
- (2) Play music: Turn on Bluetooth on your phone or other device and play your favorite songs.
- (3) After connecting the speaker to the phone once, Bluetooth has a memory function, which can be automatically or manually connected when turned on; If you need to disconnect, you can use your mobile Bluetooth device to disconnect or double-click the "Light Function Key" to disconnect Bluetooth.

2. TF card mode

Insert the TF card, the machine will automatically prioritize playback, and there will be a prompt sound of "Music Mode", which can also be switched by short pressing the "Light Function Key".

3. AUX (external audio input) mode

- (1) Insert the AUX external audio cable, and the audio system will automatically prioritize playback with a prompt sound of "Audio Input Mode".
- (2) When both AUX and TF cards are inserted simultaneously, you can switch by short pressing the "Light Function Key".

4. Four indicator light states

- (1) Charging indicator: The charging red light is on, and the fully charged red light is off.

5. Music Lamp Description

- (1) This product has six music light modes, namely: color running, gradient breathing (alternating red, blue, and green gradient breathing), red breathing, blue breathing, green breathing, and turning off the light effect; Press and hold the "Light Function Key" once to switch to a different lighting effect.

6. Wireless microphone usage

- (1) The speaker and microphone are turned on simultaneously, and the 2.4G wireless signal is automatically paired. At this point, users can start shouting and adjust the buttons to their preferred style according to their preferences.

Common problems and solutions

Malfunction	Solution
Unsuccessful pairing	Turn off the speaker and turn it on again or turn off Bluetooth on the phone and turn it on
Staccato	Whether the connection distance is out of range or there is an obstacle between the speaker and the phone
Play silently	Check if the speaker is the smallest
Can not boot	Whether the built-in battery of the speaker is charged
Power light is not on	Check whether the charging port is plugged in

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
