HYUNDAI

HYUNDAI HY-Y01
True Wireless Earphones
Manual

Please read all instructions carefully and retain for future use

Usage Instruction

(1) Don't attempt to disassemble the unit and change any part, except there is operation method mentioned in the manual.

(2) Don't expose the unit to liquid, moisture or humidity, since it is not a waterproof product.

(3) Disconnect the unit with your BT device and move it to the safe area if the liquid got inside the unit.

(4) Don't assemble or disassemble the unit to avoid electric shock, if there is water on your hands.

(5) Don't expose the unit to extremely high temperature or dispose of the unit in fire as it will result in an explosion.

(6) Don't place the unit in an electromagnetic interference environment to avoid malfunction.

Packing list

	Earphones X 2		Charging case X 1
	Manual X 1		Type-C X 1

Product schematic description

Product specification

BT Version: V5.4
Transmission distance: 13m
Battery capacity: 30mAh
Playing time: About 4 hours
Charging time: About 1 hours
Rated input: 5V \approx 55mA

Charging case specification

Battery capacity: 200mAh
Charging time: About 2 hours
Rated input: 5V \approx 50mA
Playing time: About 15 hours
(All technical information is subject to actual performance)

Charge the Charging case
Connect the Type-C cable to the 5V power adaptor, and another end to the charging port of the Charging case.
(Tips: When the green light of the charging bin blinks, please charge the charging bin in time.)

LED Indicator Status

Charging case Indicator	<ul style="list-style-type: none"> Charging headphones not fully charged: LED screen display Fully charge the earphones: the screen will light up for 4 seconds and then turn off Charging the charging compartment: LED screen displays battery level Charging compartment full: green screen displays power is 100% Low battery in charging compartment: LED screen shows battery flashing
Earphones Indicator	<ul style="list-style-type: none"> Power on: White light stays on for 1 second Shutdown: White light stays on for 1 second Bluetooth pairing status: The white light on the main unit flashes quickly, while the white light on the auxiliary unit flashes once every 6 seconds Earphone pairing successful: LED light off

Product operating instructions

1. Power on
Method 1: Remove the earphones from the charging bin, and the earphones will automatically power on.

Method 2: When the earphones is off, press and hold the earphones to touch the functional area for 3 seconds power on.

2. Power off
Method 1: Put the earphones back into the charging bin and turn off the earphones.
Method 2: Press and hold the earphones to touch the functional area for 5 seconds, and the earphones shuts down.

3. Pairing
Step 1: Remove the earphones from the charging compartment, the earphones will automatically turn on, and the earphones will be turned on automatic team formation.
Step 2: Open the BT list of smart devices, search for "HY-Y01" and connect. (Supports single-ear use).

Name and content of hazardous substances in products

Part Name	Harmful materials					
	Pb	Hg	Cd	Cr(VI)	PBB	PBDE
Printed circuit assembly	○	○	○	○	○	○
Small structural parts such as shell	○	○	○	○	○	○

This form is compiled in accordance with SJ/T 11364.

○ : Indicates that the content of the hazardous substance in all homogeneous materials of the part is in below the limit requirements specified in GB/T 26572.

✗ : Indicates that the content of the hazardous substance in at least one of the homogeneous materials of the part exceeds the limit requirements specified in GB/T 26572.

The parts marked with "X" on the form are all harmful due to the limitations of global technological development. Substitution of substances.

Printed circuit board components*: including printed circuit boards and their parts, electronic components, etc., depending on the product model, the product you purchased may not contain all the above components

Electronic and electrical products sold in the People's Republic of China must mark this Logo, the number in the logo represents the product under "normal use" Environmental protection use period.

Warranty Service

Dear user, this warranty card is the proof of your future warranty application, please cooperate with the seller to fill it out and keep it for future use!

Warranty statement

The above guarantee does not apply to the following situations:

- Exceeding the validity period of the three packs
- Altering the warranty card and product code does not match the product body
- Causes caused by misuse or improper transportation, use, maintenance, storage obstacles or damage
- Failure or damage caused by force majeure (such as earthquake, war, disaster, etc.) or accident pad
- The zipper and tower buckle are damaged due to excessive force
- Disconnection or tearing caused by excessive load
- Any damage caused by sharp objects
- Products with signs of burning or offloading
- Damage caused by unauthorized disassembly
- Aging, discoloration, abrasion, rupture and other losses that occur during the normal use of the product
- If the original identification label of the product is changed or damaged, this guarantee will become invalid.

FCCStatement

According to Part 15 of the FCC Rules, this device has been tested to meet the restrictions for Class B digital devices. These restraining decrees in providing reasonable protection against harmful disturbances in residential facilities. The device generates and uses radiofrequency energy. If this instruction is not installed and used in accordance with the regulations, it may cause harmful interference to radio communications. However, there are There is no guarantee that interference will not occur in a particular installation. If this device has built for radio or television reception into harmful interference, the device can be determined by turning it off and on when the user is encouraged to try to pass through one or Several more measures below

- Redirect or reposition the receiving antenna.
- Increase the distance between device and receiver.
- Sockets connected to devices on circuits different from the receiver are connected.
- Please consult a dealer or experienced radio/TV technician for assistance.

This device complies with Part 15 of the FCC Rules. The operation is restricted by the following two conditions

- The device shall not cause harmful interference.
- The device must accept any received interference, including interference that may cause unexpected operation.

Changes or modifications that are not explicitly approved by the compliance responsible party may invalidate the user's permission to operate the device.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
