FCC Caution:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause modified operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential location. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular situation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with minimum distance between 20cm the radiator your body. Use only the supplied antenna.

- Connect the USB Cable to the supplied USB Connector Cable to the USB.

OPERATION:

1. Turn on the power of the speaker by pressing the power button.

2. Press the power button to turn on the speaker.

3. Press the power button to turn on the speaker.

4. Press the power button to turn on the speaker.

5. Press the power button to turn on the speaker.

6. Press the power button to turn on the speaker.

7. Press the power button to turn on the speaker.

8. Press the power button to turn on the speaker.

9. Press the power button to turn on the speaker.

10. Press the power button to turn on the speaker.

REMARKS:

1. Please do not use the speaker in a noisy environment.

2. Please do not use the speaker in a noisy environment.

3. Please do not use the speaker in a noisy environment.

4. Please do not use the speaker in a noisy environment.

5. Please do not use the speaker in a noisy environment.

6. Please do not use the speaker in a noisy environment.

7. Please do not use the speaker in a noisy environment.

8. Please do not use the speaker in a noisy environment.

9. Please do not use the speaker in a noisy environment.

10. Please do not use the speaker in a noisy environment.

GENERAL SPECIFICATIONS:

Power Source: Rechargeable Li-ion battery (3.7V/1000mAh)
 Battery Voltage: DC 5V (Through the USB Type-C Port)
 Output Power: 10W (100mW)
 Bluetooth Version: Bluetooth 5.0
 BT Operating Distance: Up to 100 feet in open area

PACKAGE INCLUDES:

1 x Owner's Manual
 1 x Connector Cable (5m)
 1 x USB Connector Cable (1.5m)

LIMITED WARRANTY:

This warranty is void if the product has been altered in a commercial application or used to transport, transport, modification, or other modification or repair of any kind. This warranty is void if the product has been used in a commercial application or used to transport, transport, modification, or other modification or repair of any kind. This warranty is void if the product has been used in a commercial application or used to transport, transport, modification, or other modification or repair of any kind.
