DECLARATION REGARDING DFS

Date: 04/18/2024

FCC ID: 2BFC6-LIGHTNINGH

IC: 32232-LIGHTNINGH

To whom it may concern,

This module is a System-On-Module based around the Qualcomm SDx845 platform and WCN3990 transceiver, which is only capable of operating as a DFS client device and no radar detection capabilities are available. The device is also not capable of DFS active scanning.

Sincerely,
Robbe Derks
