## Safety Instructions

Read all instructions before you use this device. Do not make any changes or create settings that are not described in this manual. If physical injury, loss of data or damage is caused by failure to follow instructions, the warranty does not apply.

### Setup

1. To reduce the risk of fire or electric shock, do not expose the device to rain or moisture. Objects filled with liquids, such as vases, should not be placed on this device
2. Do not place this device on soft surfaces such as tablecloths or carpets, otherwise the device could be a fire hazard.
3. Do not place this device in areas susceptible to excessive dust and dirt or near any appliance generating a strong magnetic field.
4. To prevent overheating, do not block or clog the ventilation openings.
5. Never place this device in a confined space. Leave enough space around this device for ventilation.
6. Protect this device from overexposure to direct sunlight, heat, large temperature fluctuations and moisture. Avoid extreme temperatures. The suitable operations and storage temperature for this device and its accessories is (0°F to 95°F).
7. When this device is running for a long period of time, the surface may become hot. Shut it down immediately and unplug the charger. Resume operation after this device has cooled down.
8. Always handle this device with care. Avoid touching the lens. Do not allow children to handle the device without supervision.
9. Never place heavy or sharp objects on this device.
10. To avoid electric shock, do not disassemble.
11. Use attachments or accessories specified by the manufacturer only.
12. Avoid extreme vibrations as they may damage the internal components.

The following safety instructions ensure the long service life of the projector to avoid fire or electric shock. Please read carefully and pay attention to the following warnings.

Don't install the projector in sites with improper ventilation.

Don't install the projector in hot or humid sites.

Don't cover the projector ventilation holes with any material.

Don't install the projector in dust or smoke sites.

Don't install the projector near the temperature or smoke transducer. It may cause a sensor failure.

Don't install the projector in sites with direct blowing of warm or cool air-condition wind.

Please do not look into the lens when the projector is working, otherwise it may hurt your eyes.

Please keep the projector away from water or any other liquid as it is not waterproof.

## Package List

Projector × 1

Power Cable × 1

HDMI Cable × 1

Remote Control ×1  
(Batteries are not included)

Projector User Manual × 1

Clean Tool × 1
