## **Bluetooth power amplifier JH-NM01**

## SAFETY WARNINGS AND GUIDELINES

Please read this user manual before using this Bluetooth device, paying extra attention to these safety warnings and guidelines.

Please keep this manual in a safe place for future reference

- This device is intended for indoor use only.
- Do not expose this device to water or moisture of any kind. Do not place drinks or other containers with moisture on or near the device. If moisture does get in or on the device, immediately turn it off and allow it to fully dry before turning it back on. If plugged into a USB charging source, unplug it.
- Do not touch the device or any connected cables with wet hands.
- Do not expose this device to excessive vibration.
- Do not expose this device to excessively high temperatures. Do not place it in, on, or near a heat source, such as a fireplace, stove, radiator, etc. Do not leave it in direct sunlight.
- Do not place or install this device in an area where it can be exposed to excessive amounts of dust, humidity, oil, smoke, or combustible vapors.
- This device contains a rechargeable battery. Dispose of this device only in accordance with local, state, or federal regulations for electronic waste.
- Charge the battery before first use and at least once every three months to keep it fresh and capable of holding the full charge.
- Clean using a soft, dry cloth only. Do not use chemical cleaners, solvents, or detergents. For stubborn deposits, moisten the cloth with warm water.
- This device has no user-serviceable parts. Do not attempt to open, service, or modify this device.

1. Activate the Bluetooth function on your phone and search for wireless devices. Pair your phone to "JH-NM01"
2. After successful pairing, voice will prompt "Pairing completed"
3. If the connection is broken, you will hear a voice prompt that "the Bluetooth device has been disconnected and the device will be ready to pair again"
4. If there is no connection, the Bluetooth power amplifier ❶ will automatically turn off after 5 min
5. After connection, the blue light ❷ will light up. After a period of time, it will enter the energy-saving mode and only one blue light ❷ will be on for a long time. Click the power button ❸ to check the remaining battery.

Connect Bluetooth power amplifier to a speaker and a mobile phone at the same time, now you can enjoy music wirelessly.

- 1). The music will automatically pause when you dial a phone number or there is an incoming call
- 2). This Bluetooth music receiver hasn't a microphone, so you need to switch the call to the mobile phone. The music will automatically play when the call is ended
