User Manual Folding wireless charger

Product overview:

1. Wireless charging zone
2. USB Charging input (Type - C)
3. Slot for vertical phone
4. Slot for horizontal phone

Package content :

- 1- Wireless charging base
- 2- Type - C cable
- 3- User manual

Product specifications:

- o Material: ABS
- o Transmission distance: < 10 mm
- o Operation temperature: -5 ~ 40°C
- o Input: DC 9V/2A
- o Output: 10W

Attention:

- Check that the USB cable is plugged and that your phone is placed correctly on the charging zone.
- Do not remove or repair the charger yourself to avoid damaging the electronics in the charger, or any other hazards.
- Do not knock, drop, puncture or squeeze the product.
- Chargers should be kept away from implanted medical devices (e.g. pacemakers, artificial ear cochlear, etc.) to avoid interference with implanted medical devices.
- Do not place magnetic stripe cards or IC cards (such as ID cards or credit cards) on the charging surface, or it may cause disfunctions.
- Do not use this product in places of extreme heat and humidity.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
