Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, likely a SIM card reader or antenna module, placed on a blue textured surface. The component is rectangular with a silver-colored metal shield on the top half. A yellow label with the number '0000' is visible on the shield. A black ruler with white markings is positioned vertically to the left of the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component is oriented horizontally.
Antenna View	 A photograph of the same green PCB component, showing the underside. The component is oriented vertically. A red box highlights a small, rectangular component on the top edge, labeled 'NFC Antenna'. Another red box highlights a larger, rectangular component on the bottom edge, labeled 'BT Antenna'. The component has a silver-colored metal shield on the top half. The text 'R1 MAIN_V1.12_PCB 2023-11-02' is visible on the PCB. The component is placed on a blue textured surface.
