BRAND STORY

UTIMI

Professional testing and recommendation of each toy

All self-developed products are selected through online screening. Also, tested and recommended by professional players, and judged by the platform as excellent products before they hit the shelves.
Choose Utium, no longer bad mood by buying inferior products.

Evolution
In 2014, UTIMI was founded.
In 2016, UTIMI became the largest seller in the Sexual Wellness category on Amazon.
In 2018, UTIMI has 100+ patents for adult products.

Over the years, we found a large number of problems with adult products such as short life span, poor use, no privacy packaging, and use of materials that are harmful to the body. To solve these problems, we carried out a comprehensive strategic upgrade and determined to allow users to easily find the right and reassuring products.

Pleasure Products
Utium provides "high-quality, safe, creative, effective, cost-effective" erotic products, as well as one-on-one expert customer service.

Utium

⚠ Do not store the product in direct sunlight, high temperature or high humidity. This may cause color fading, breakage, heat generation, or even cause fire.

EN EN

FAULT RESOLUTION

The product does not work properly/telescoping or rotating function is weak.
Did you hold power for 2-3 seconds after pressing the power button?
Is he fully charged? Please release the power supply until the product cannot be switched on and then fully charge it. If it doesn't work after several attempts, the battery may be damaged.

The product cannot be charged. (Indicator light not flashing)
Is the charging cable disconnected from the adapter or charging port? When using your computer's USB port, the product will not charge if your computer is in standby mode. Please check if your computer is in standby mode. There may be dust and stains on the charging port when charging again, please wipe it with a dry cloth or cotton swabs. Is the product fully charged? When the product is fully charged, the indicator light will stay on.

Charging will not be completed. (The indicator light does not go out)
Dust and stains may be adsorbed to the charging port. Please wipe with a dry cloth or cotton swab before charging. If the indicator light is still on after 180 minutes of charging, it may be due to poor contact with the charging contacts.

SAFETY & WARNING

1. If you are using a medical device/receiving treatment/pregnant, consult your doctor before use.
2. If you feel any discomfort while using the product, please stop using it and consult your doctor or pharmacist.
3. When you find that the product is working abnormally, please stop using it and switch off the power immediately to avoid injury or accident.
4. Keep it out of reach of children to prevent them from accidentally swallowing product parts or accessories.
5. Please use the provided USB charging cable to charge and connect it correctly otherwise it may overheat or burn out.
6. To avoid electric shock or burns, please keep your hands dry when unplugging the charging cable.
7. Switch off the power before cleaning, otherwise, it may cause malfunction, overheating, or burning.
8. When unplugging the supplied USB charging cable, please hold the connection part and do not stretch the cable, otherwise, it may accelerate the deterioration of the cable and lead to an electric shock-short circuit or even fire.

EN EN

SAFETY & WARNING

9. Unplug the USB charging cable when it is not needed for charging, otherwise it may be short-circuited due to dust and moisture, and lead to electric leakage or fire accidents.
10. Please clean the USB charging cable connector regularly to avoid dust causing short circuits or fire.
11. Please do not use it violently or trample on it.
12. Do not use it when you are extremely tired or drunk as it may cause other discomforts. Do not charge, use or store at extreme temperatures as this may cause burns or breakage.
13. Do not pull or remove the surface of the silicone to avoid breaking the product.
14. Do not bend or pull the included USB charging cable excessively and do not wrap the charging cable around the product for storage as this may damage the charging cable.
15. Do not use when the included USB charging cable is damaged.
16. Do not share this product with more than one person.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
