Golf in-car entertainment system

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) this device must accept interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARNINGS & PRECAUTIONS

To avoid risk of serious injury or possible violation of laws, please read the following thoroughly before installation or connecting.

- * To ensure safety and obey the traffic rules, please do not watch video and operate the unit while driving.
- * Please keep this product away from fire to avoid burning the machine.
- * Please insulate the power output wire to avoid boot failure caused by short circuit.
- * Please consult with local professional car audio store first and do not self-repair it.
- * Please do not use the car audio for long time after turning off the engine. Or it will exhaust the battery.
- * Please do not use sharp object to touch, rub or tap the screen.
- * The head unit is applicable to vehicles with 12V power supply. Please do not install it directly on the vehicles with 24V to avoid product failure.
- * Please turn off the car and disconnect B+ before installation to avoid short circuit.
- * Please remember to fasten your seat belt at all times while operating your vehicle. If you are ever in an accident, your injuries can be considerably more severe if your seat belt is not properly buckled.
- * Be sure to connect "Parking Break" lead so that the driver can not watch the vehicle is stopped. Failure to do so may result in traffic accident or violation of laws.
