

ANNEX

EXHIBIT 1 - PRODUCT LABELING

Proposed FCC ID Label Format

Specifications: Due to the usability and the shape of the device, there is not a good place for the sticker label, the label will be on the packaging box and in the product manual.

Proposed Label Location on EUT

<p>FCC ID Label Location</p>	The image shows the back of the Halo Scanner product box and the back of the user manual. The box features the 'halo microchip scanner' logo, a list of key features, and an FCC ID label. The manual also displays the 'halo' logo and a list of available colors for the scanner's band.
