

Product instructions: Simple to use, flat place, pick up and play, suitable for home and school, can relieve stress, help growth, suitable for everyone Product Overview: This building set made of high-quality ABS plastic, and the surface of the blocks feels smooth. Precision casting processing molding, give you good overall experience in the assembly process. Product Features: Colorful and diverse: This building blocks come in different colors and shapes, and can be combined into various interesting structures. Safe material: Made of high-quality ABS plastic, non-toxic and odorless, ensuring safety.

Spanish: Instrucciones del producto: Fácil de usar, colocar de forma plana, coger y jugar, adecuado para el hogar y la escuela, puede aliviar el estrés, ayudar al crecimiento, adecuado para todos. Descripción del producto: Este conjunto de construcción está hecho de plástico ABS ecológico de alta calidad y la superficie de los bloques es suave. Proceso de moldeo por fundición de precisión, te brinda una buena experiencia general en el proceso de ensamblaje. Características del producto: Colorido y diverso: estos bloques de construcción vienen en diferentes colores y formas, y se pueden combinar en varias estructuras interesantes.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
