2PK SOLAR NOCTURNAL ANIMAL REPELLER

IMPECKABLES™

2405098

WORKING PRINCIPLE

In science, it has been proved that warm-blooded animals are afraid of fire. When they detect fire or something similar to fire, they may escape from that range. According to this principle, this product is designed to drive animals away by flashing red light, just like fire.

APPEARANCE

IMPECKABLES™

PARAMETER / FUNCTION

1. Power supply: Solar Powered
2. Solar Charging Current: 25MAH
3. Wattage: 0.125W
4. Charging Voltage: 5V
5. Sensing distance: within 6m(20ft).

HOW TO USE

1. Press down the power button and turn "ON" the device.
2. Mount the device according to the eye height of the predator you want to repel. To prevent predators, install one each place, and face outward. Sensing distance is 19.68ft, the installation distance of two devices shall not be less than 39.37ft, otherwise the devices may interfere with each other and affect the sensitivity.
3. The device will turn on at dusk and turn off at dawn automatically. When it is working, the two red LED lights will flash, just like a red flame.

NOTICE

1. For best results, please remove all attractants, such as pet food, bird feeders, and fallen fruits, which are all tempting targets for unwanted animals.
2. Secure trash cans with tethers, place bird feeders out of reach, and ensure that chicken coops and fences are locked at night.
3. Please place the device in the sun or other environments with strong light to get it charged.
4. The waterproof grade of this device is IP65, and it can work normally outside.
5. Please ensure that the distance between the two devices is not less than 39.37FT(12m)

BATTERY

1. If the new rechargeable battery or the battery in the product is not used for a long time (more than 1 month), the power of battery may be fully discharged. It is suggested to charge the battery 3-5 times to activate.
2. When rainy or cloudy weather lasts for almost one week, the repeller may stop working. It is recommended to turn it off and charge it under sunlight for 48 hours.
3. The battery is not replaceable, do not attempt to change the battery.

FCC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and the receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician. (5) Warning: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
