Galaxy Tab A9+  
Detachable Bluetooth  
Keyboard Cover  
User Manual

Note: Please use the product correctly and carefully after reading the user manual. Incorrect use may cause damage to the product or other property. Please keep the manual for future reference.

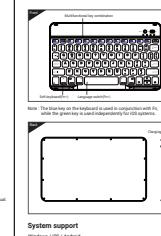

• User manual for Android system connection

1. Turn on the power switch of the keyboard and then connect the keyboard to the device via pairing key to enter pairing mode.

2. After successfully connecting, you can start using the keyboard.

Note: After successfully connecting, the keyboard will automatically disconnect to the last paired device when both the Bluetooth keyboard and the device's Bluetooth are turned off.

• User manual for iOS system connection

1. Turn on the power switch of the keyboard and then connect the keyboard to the device via pairing key to enter pairing mode.

2. After successfully connecting, you can start using the keyboard.

Note: The blue light on the keyboard is a component and will not turn on or off while the green key is used independently for keyboard functions.

• User manual for Win 10 system connection

1. Turn on the power switch of the keyboard and then connect the keyboard to the device via pairing key to enter pairing mode.

2. After successfully connecting, you can start using the keyboard.

• User manual for Win 10 system connection

1. Click "Win 10" and click "Bluetooth pairing" to complete the pairing.

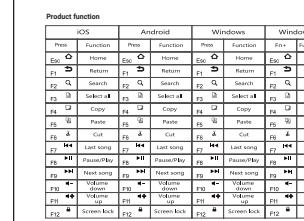

2. Navigate to "Settings", open "Bluetooth", then click "Add Bluetooth device".

3. After a successful connection notification, you can start using the keyboard.

4. After a successful connection notification, you can start using the keyboard.

5. After a successful connection notification, you can start using the keyboard.

6. After a successful connection notification, you can start using the keyboard.
