

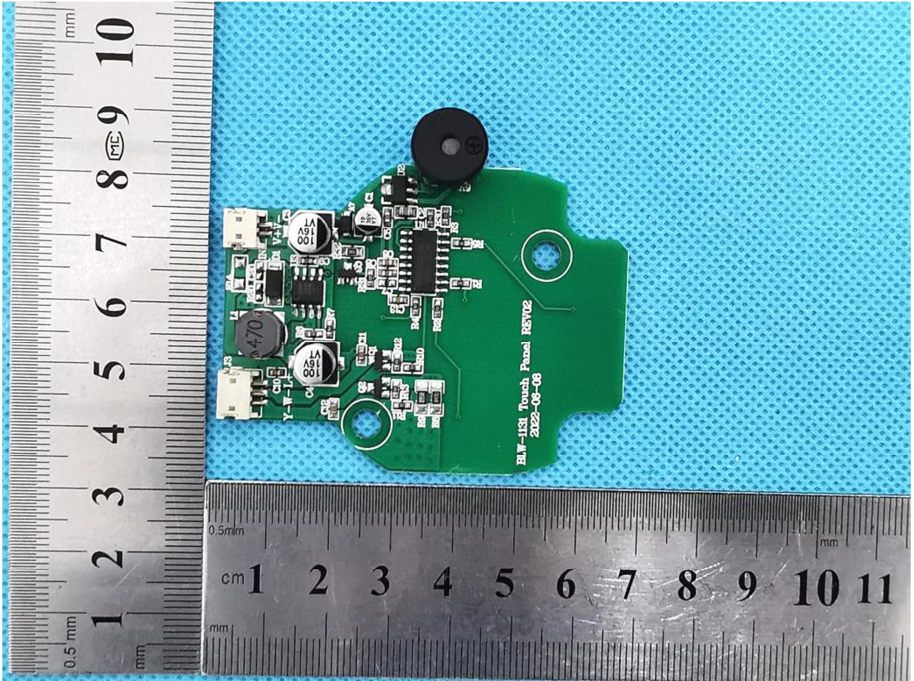

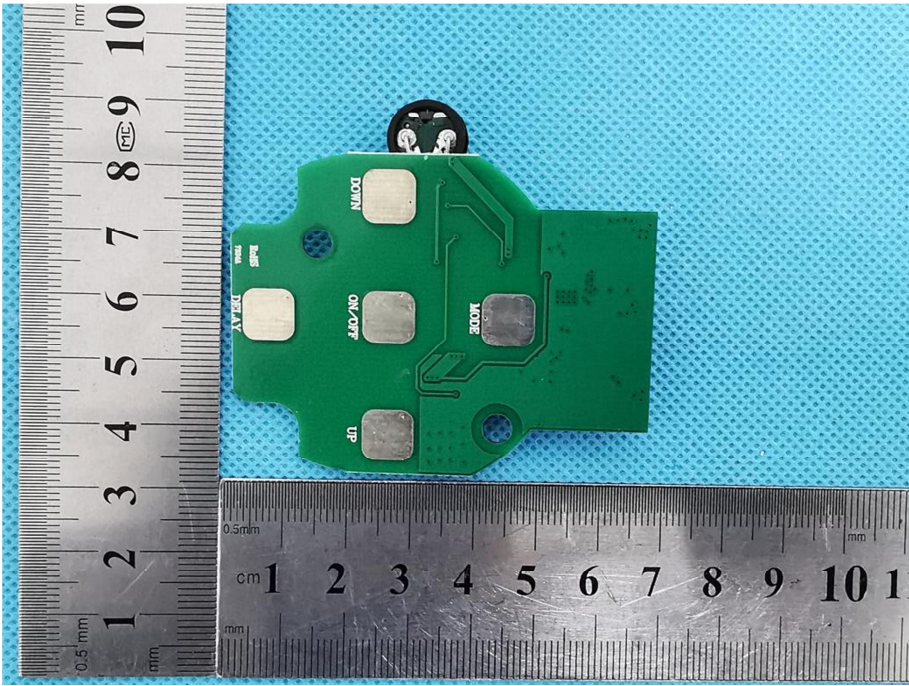

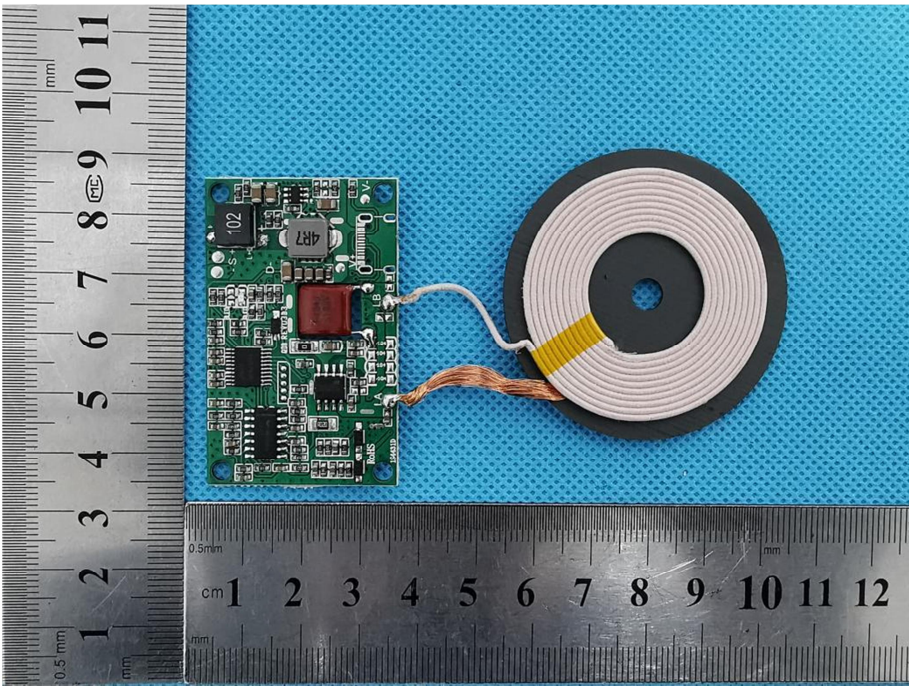

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

| | |
|---|--|
| <p>EUT Housing and Board View 1</p> |  <p>This photograph shows the disassembled components of the EUT housing and board. On the left, a black plastic housing is open, revealing a green printed circuit board (PCB) with various electronic components, including a battery and a circular component. To the right of the housing is a separate black plastic component, possibly a lid or a part of the housing. A metal ruler is placed horizontally at the bottom of the image for scale, showing measurements in centimeters and millimeters. The background is a solid blue color.</p> |
| <p>Solder Board-Component View 1</p> |  <p>This photograph provides a close-up view of the solder board component. The board is green and populated with various electronic components, including integrated circuits, capacitors, and resistors. A circular component is visible on the right side of the board. A metal ruler is placed vertically on the left and horizontally at the bottom for scale, showing measurements in centimeters and millimeters. The background is a light blue patterned surface.</p> |

| <p style="text-align: center;">Solder Board-Component View 2</p> |  <p>A photograph of a green PCB component with four silver solder pads labeled 'UP', 'ON/OFF', 'DOWN', and 'STOP'. A small black component is mounted at the top. The component is placed on a blue textured surface next to a ruler for scale. The ruler shows centimeters and millimeters.</p> |
| <p style="text-align: center;">Solder Board-Component View 3</p> |  <p>A photograph of a green PCB component with various electronic components, including a red capacitor and a black chip. It is connected to a circular white flexible PCB with a black center. The assembly is placed on a blue textured surface next to a ruler for scale. The ruler shows centimeters and millimeters.</p> |
