3. SD port

4. USB port

5. Volume control for MIC.

6. ECHO function.

7. POWER LIGHT.

8. TALKOVER function.

9. Volume control for TREBLE.

10. Volume control for BASS.

11. Volume control for LINE & MP3.

12. 6.35MM Input for MIC IN.

13. 1/4 Connector for MIC IN channel input.

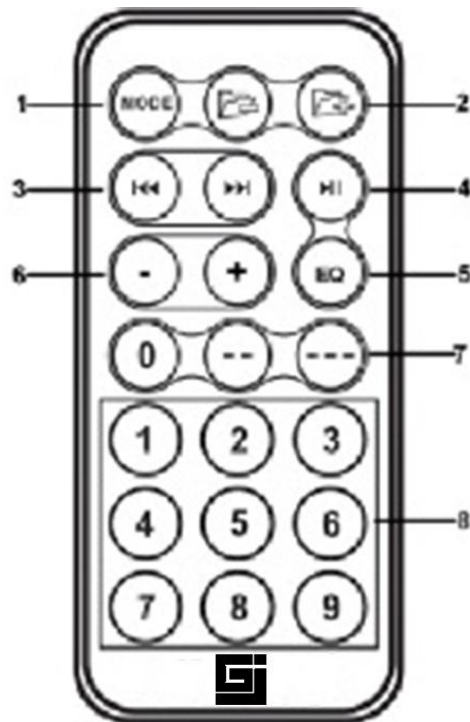

14. RCA 3.5MM Input..

15. LINE OUT.

16. AC Input.

17. POWER SWITCH.

## Remote Control:

**Control remote: 3 V  one battery (include)**

1. **Mode:** You can adjust the mode of working: USB, SD, FM and Bluetooth.
- 2.previous folder and next folder.
- 3.Last song and next song.
- 4.Play/Pause.
- 5.EQ function.
6. Increase or decrease Volume.
- 7.Directly selector.
- 8.The Numbers of choosing songs.

## FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.
