RE: LETTER OF LABEL AND LABEL LOCATION

To Whom It May Concern:

We, the undersigned, hereby confirm that our product is too small to put the label on the product. According to FCC standard:

If a device is so small that it is impractical to label it with the FCC Identifier in a font that is four-point or larger, and the device does not have a display that can show electronic labeling, then the FCC Identifier shall be placed in the user manual and must also either be placed on the device packaging or on a removable label attached to the device.

So, we will put the FCC Identifier in the user manual.

FCC ID: 2A9XA-822106

And we will also put the FCC Identifier on the device packaging or on a removable label attached to the device.

Sincerely,
