3 x 10" SPEAKER TRUE WIRELESS TECHNOLOGY

IQ-8310DJBT

FC  MADE IN CHINA

SIZE:100*140mm

材质：105g铜版纸黑白印刷

THANK YOU FOR PURCHASING OUR SPEAKER. PLEASE READ THE MANUAL CAREFULLY BEFORE OPERATING.

IMPORTANT SAFETY MEASURES

Before using this machine, please read all the safety and operating instructions. Please adhere to all the instructions herein, and save this information in a safe place for future use.

1. Please ensure the power cord for this unit is out of the path of foot traffic. Do not place heavy objects on the power cord as it will cause damage to the cord. Always firmly grasp the plug and pull the plug from the power supply, never yank the cable in order to pull out the plug. Avoid the use of an extension cable.
2. Ventilation: This unit should be placed in a well ventilated space where it has no less than 10cm ventilation space on either side of it. Do not cover the unit with a cloth or blanket. Do not put it on a bed, sofa, or carpet as this will stifle the ventilation of the unit.
3. Casing Dismantling: DO NOT dismantle the casing . There are no usable parts inside the unit. Make use of a service center in order to have your unit repaired.
4. Should the unit emit any smell or smoke, immediately turn off the power supply. Take the unit to the service center from which you bought it for repairs.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
