

Limited Module Approval Request Letter

Subject: Limited Module Approval

Date: November 5, 2014

FCC ID: 2ADB5-TRACKER1

Dear Reviewer,

We, Pro-Tracker LLC would request Pro-tracker The Ultimate Tracking Device approved under limited module approval authorization. The application of this module is specified to portable or mobile host equipment. The requirements regulated in 15.212 have been fulfilled and clearly explained below.

1. The requirement of RF shielding: The module does not have its own RF shielding and will be integrated in Pro-Tracker model: Tracker X (X can be 0~9, A~Z or blank) host. Pro-Tracker LLC will retain control over all final installations of the device into its product, and therefore can assure the compliance of the end product to the tested results.
2. The requirement of buffered inputs: Buffered data inputs stage has been integrated in chip (CC1110).
3. The requirement of power supply regulation: The part number of the power regulator is (CL-2025).
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
5. The requirement of stand-alone test configuration: Please reference exhibition Test Configuration Photo for the stand-alone test configuration.
6. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the user's manual of this module. Please also see the exhibition Label Sample.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
8. The requirement of RF exposure: The module only radiates very low power levels; it complies with RF exposure requirement.

Please do not hesitate to contact me for any questions of this request letter. Thank you.
