

FCC WARNING:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference.
 (2) This device must accept any interference that may be received, including interference from radio transmitters that may be authorized for operation in the adjacent frequency band.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to residential environments. This device does not use any frequency-agile frequency energy and, if not resorted to and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 • Reorient or relocate the receiving antenna.
 • Increase the separation between the equipment and receiver.
 • Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
 • Consult the dealer or an experienced radio/TV technician for help.

*Consult the dealer or an experienced radio/TV technician for help. This device has been designed to meet general FCC equipment requirements. The device can be used in countries that require compliance without restriction.

WHEN USING A KEYBOARD:

1. Maintain proper posture and avoid excessive force on the keys.
2. The keypad is made of plastic material.
3. Clean the keypad regularly to remove dust and dirt.
4. Avoid leaving the keyboard to heat.
5. Keep the keyboard in a suitable environment, free from extreme temperatures or humidity.

Remember these tips for a comfortable and durable keyboard experience.
