Solder Board-Component View 6	 A photograph of a purple, semi-circular printed circuit board (PCB) component. The component has various electronic components soldered onto it, including two gold-colored circular components and several smaller surface-mount components. It is placed on a black surface with a white ruler for scale. The ruler shows measurements in centimeters, with the component spanning approximately 2.5 cm.
Antenna View	BLE Antenna  A photograph of the same purple PCB component from a different angle, showing the underside. A large, circular, silver-colored antenna is visible. A red box highlights a small component on the board, and a red line points from the text "BLE Antenna" to it. The component is placed on a blue textured background.
