### Dear Dennis-san,

Now, we uploaded the revised test report in your website and would like to reply to your comments in the below;

## 2. Antenna Gain

Please refer the revised test report. With this, the antenna gain revised as 1.5dBi at maximum throughout the documents.

### 3. Antenna Cable Loss

Please refer the revised test report. The calibration factor list is provided from the manufacturer and added in the report.

#### 4. Label material

-Material: Mirror Coat Paper (It prints on the mirror coated paper.) -How to paste: Seal pasting The label satisfy the requirement of FCC Part2.925(d).

Please kindly confirm these and issue your grant and certificate as soon as possible. If you had any additional comments, please let us know it. Sincerely yours.

Please respond to

Subject RE: www.AmericanTCB.com ATCB005820 | A269ZUA128 | 700B - 09386Z | | A269ZUA128\_ATCB005820

Hi Yuki

Disregard the comment about Modular approval. I found the modular request letter. Some how it did not download to my computer and I had to find it on the server, but only after I sent the comments. Again, please disregard the comment about modular approval. The other comments are still needed to have responses

provided.

Thanks

Dennis Ward Director of Engineering American TCB Certification Resource for the Wireless Industry www.atcb.com 703-847-4700 fax 703-847-6888 direct - 703-880-4841
