FCC ID: A3LEI-HH10

To Whom It May Concern:

We would like to request the dismissal all of the approved models FCC ID: A3LEI-HH10 which has been issued in 2013, the date of grant is 24/04/2013.

Those devices (HRM Chest Belt certified under FCC ID: A3LEI-HH10) have not been sold in any country, included USA .

Antenna performance of EI-HH10 is improved better than before.

This product has been already progressed to FCC carving using laser print on the surface.

Due to reasons, we will propose the FCC Certification as a new application with the same FCC ID.

If you have any questions or comments concerning the above, Please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Mirim", written over a horizontal line.
