**SUBJECT: SAMSUNG Electronics Co., Ltd.
FCC ID: A3LGTI9100
Notice of Superseding Exhibit**

To Whom It May Concern:

On behalf of SAMSUNG Electronics Co., Ltd., we have superseded the following exhibit for Cellular/PCS WCDMA/GSM/EDGE Phone with WLAN and Bluetooth.

1. Parts List & Tune-Up Procedure

The purpose of this supersede was because during a TCB review of a permissive change for this FCC ID (not granted yet), it was found that the Tune up procedure had incorrect tolerance signs. The TCB wishes to submit a class 2 change filing, but with the correct tolerance signs replaced in the original filing, for consistency. The output power design levels have not changed. This change is an editorial change only and does not impact any reported results. Attached below is the applicant's attestation letter.

Should you have any questions or comments concerning the above, please contact the undersigned.

We attest that the included Tune-Up procedure is correct and the original Tune up tolerances contained a typo. The changes are only editorial and do not impact any reported results.
