NO.: AN08T7805, Notice#1

Dear Grace,

Following are some issues regarding 15B report need to be addressed.

Q#1: Test report doesn't include the calibration information for the test equipment,
please address.

[Ans.: Please find attached Part15B test report.](#)

Q#2: Test configuration is not acceptable. According to ANSI C63.4:2003,
all available I/O ports should be connected during the test. Besides, as
indicated in test report, support equipment list doesn't agree with test
setup photos, please explain.

[Ans.: Confirmed that all I/O ports have been properly connected during the test.](#)

Best Regards,

Lucy

The items indicated above must be submitted before processing can
continue on the above referenced application. Failure to provide the
requested information within 30 days of the original e-mail date may
result in application dismissal and forfeiture of the filing fee. Also,
please note that partial responses increase processing time and should
not be submitted. Any questions about the content of this correspondence
should be directed to the e-mail address listed below the name of the
sender.
