Dear Greg,

Regard to this application, I reply you per your comments.

1. The test graph on p.30/40 of the test report appears to show multiple emissions, both peak and average, that exceed the limit. Please address.

(Ans) Points which shows over the limit are peak(Blue and Green mark) value not quasi-peak

or average value on page. 30.

There are no points of quasi-peak(red mark) which exess the limit.

I look forward to FCC grant for this application.

Thanks and regards...
