**Subject:** Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Please identify any ferrite cores present during testing (the test report should always do this). Does the EUT's AC adapter have a ferrite core?
2. Please submit a higher resolution drawing of the FCC ID label. The label shown at the end of the test report is not clear.

The items indicated above must be submitted before processing can continue on the above referenced application.
