RE: Request of Long-Term Confidentiality for FCC ID: **A3LRF4402D-D1A**

To Whom It May Concern:

This is a request to hold the user manual for FCC ID: **A3LRF4402D-D1A** under long term confidentiality. The transmitter is a Base Station where access is controlled and only available to trained personnel. The user manual is being requested to be confidential under the FCC guidelines that the manual is very technical and is not provided to the general public. The user manual contains proprietary information required for trained installers to commission the base station. The user manual will be used by the licensee or his designated technicians only.

Having the subject information easily available to competitors would negate the advantage we have achieved by developing this product.

The requested Long-Term Confidential exhibits are list as follows:

LONG-TERM CONFIDENTIAL LIST		
	Exhibit	Description
LONG-TERM CONFIDENTIAL	1	User's Manual

Sincerely,

Jongin Kim / Principal Engineer
