SUBJECT: FCC C2PC Application for (FCC ID: A3LRF4461D-13A)

To Whom it may concern:

This is to request a Class II permissive change to our product (FCC ID: A3LRF4461D-13A), This is to request for a reassessment of the originally certified equipment because additional operation mode have been made which affect the RF characteristics of the previously certified product. For this Class II permissive change, it enabled additional channel Bandwidth via software without any hardware change.

- Add NR channel Bandwidth 25 MHz on n5.

This authorization is valid until further written notice from the applicant.

Please contact me if you have any questions or need future information regarding this application.
