1435 Oakland Mills Road
Columbia, MD 21046

Date: September 23, 2024

SUBJECT: FCC C2PC Application for (FCC ID: **A3LRF4461D-13A**)

To Whom it may concern:

This is to request a Class II permissive change to our product (FCC ID: A3LRF4461D-13A), This is to request for a reassessment of the originally certified equipment because additional operation mode have been made which affect the RF characteristics of the previously certified product. For this Class II permissive change, it enabled additional channel Bandwidth and RAT via software without any hardware change.

- Add NR Radio Access Technology on n13
- Add NR Multi-carrier operational up to 3CC on n5
- Add LTE, NR 5MHz Bandwidth carrier up to 40W on B5/n5

This authorization is valid until further written notice from the applicant.

Please contact me if you have any questions or need future information regarding this application.

Regards,

Jongin Kim / Principal Engineer
