Part 24 Type Acceptance

Gentlemen:

Transmitted herewith, on behalf of SAMSUNG Electronics Co., Ltd., is an amendment to the above-referenced Part 24 Type Acceptance application. The submitted FCC Form 731 Item 15 Section(b) states that the related Certification application checked in item 15(a) is in the process of being filed under the FCC ID listed (A3LSCWF2000). However, the applicant has since requested that the Certification authorization be performed under the DoC procedure, and therefore will not be submitted to the FCC with FCC ID as originally stated on the 731.

Also attached are the test setup photographs for the MPE measurement.

Should you have any questions or comments concerning the above, please contact the undersigned. Thank you.
