Dear Gregory,

I think you mean the below 'PC data cables' . Is it right?
But those of other models also had included the comment.

If I don't have correct information, please advise me.

Accessories and batteries

Use only Samsung-approved batteries and accessories, such as headsets and PC data cables. Use of any unauthorised accessories could damage your phone and may be dangerous.

CAUTION

Risk of explosion if a battery is replaced by an incorrect type.
Dispose of used batteries according to the instructions.

At very high volume, prolonged listening to a headset can damage your hearing.

Best Regards
Geoffrey

Title : RE: Questions Regarding FCC ID: A3LSGHC275L

Dear Geoffrey,

Thank you for your quick response. I note, however, that, while the reference to an extended battery has been removed from the user's manual, it still lists an optional pc data cable. Please remove this reference also, and resubmit the manual.

Thank you.

Sincerely,

Gregory Czumak

Subject: Re: Questions Regarding FCC ID: A3LSGHC275L

Dear Gregory,

Please find attached the amended user manual.

1. The User's Manual references a pc data cable and an extended battery. If the former is available, then the EUT is also a pc peripheral, subject to authorization. If the latter is available, then the SAR data must include the extended battery. Please address.

=> [The pc data cable and an extended battery have been removed.](#)

2. The maximum SAR levels must be entered on p.2 of the User's Manual.

=> [It has been entered on the User's Manual.](#)

Best Regards
Geoffrey

Title : Questions Regarding FCC ID: A3LSGHC275L

To: Mr. David Kim / Samsung Electronics Co., Ltd.

From: Mr. Gregory Czumak / PCTEST TCB

RE: FCC ID: A3LSGHC275L

Applicant: Samsung Electronics Co., Ltd.

Correspondence Reference Number: A3L80059

Confirmation Number: 801250059

Date of Original Email: January 29, 2008

Subject: Request for additional information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. The User's Manual references a pc data cable and an extended battery. If the former is available, then the EUT is also a pc peripheral, subject to authorization. If the latter is available, then the SAR data must include the extended battery. Please address.
2. The maximum SAR levels must be entered on p.2 of the User's Manual.

The item indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
