Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, SAMSUNG hereby requests confidentiality of Specification, Circuit Description, GSM Key String, Test Commands & Test Procedure List, Block Diagrams, Circuit Diagrams, and Parts List for the subject application.

These documents contain detailed system and equipment description and related information about the product that SAMSUNG considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, SAMSUNG considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely
