"The FCC ID label is located in the battery compartment. While the battery cover is installed when the unit is shipped from the factory, the battery is never installed prior to sale, so the user must remove the cover in order to install the battery and operate the device. At this time the FCC ID is readily visible to the user. The label is permanently attached by acrylic glue and not easily removed from the device."

"The Part 15.19 statement is placed on the user manual since it may cause damage to the device, when engraved on the surface."
