RE: FCC ID: A3LSMG998U

To Whom It May Concern:

This permissive change is to enable the following features via SW only:
-Additional EN-DC FR1 Downlink Combinations added
-Additional NRCA Downlink Combinations Added

As there is no change in HW, Tx path, or power for any of the above operations, the NR test data in the original filing additionally demonstrates compliance for these added capabilities.

Additionally, this permissive change enables VoNR operations. As there is no change in HW, Tx path, or power for the VoNR capability, the SAR/EMC NR test data in the original filing additionally demonstrates compliance for these added capabilities. HAC data is provided.
