

Declaration for FCC test

We, Samsung Electronics Co., Ltd., declare on our sole responsibility for the following products:

Model: SM-P555C, FCC ID: A3LSMP555C

Model: SM-T555C, FCC ID: A3LSMT555C

The only difference between the SM-P555C and the SM-T555C is:

1. H/W
SM-P555C: Supports S-pen(Related components). SM-T555C not supports.
BT/WIFI block / TSP control IC placement is not same.
2. S/W
SM-P555C Supports S-pen function

Except listings above, the wwan and the others are all the same.

Based on the similarity between two FCC IDS, the FCC ID: A3LSMP555C WWAN testing represents the test result of FCC ID: A3LSMT555C. Additional verification in radiated testing is also performed to ensure the continuous compliance.

Should you have any questions or comments regarding this matter, please have my best attention.
