## **MPR ATTESTATION LETTER FOR LTE**

**FCC ID: A3LSMT875**

To whom it may concern:

We attest followings for the FCC ID.

1. MPR is permanently implemented for all channel BWs, modulations, frequency bands and RB sizes.
2. A-MPR was disabled for all SAR test samples for SAR testing purpose only.
3. We confirm the specific MPR targets and tolerances shown in the SAR reports
4. LTE Release 10 implementation is limited. The uplink does not support carrier aggregation nor enhanced SC-FDMA. Features such as CoMP, HetNet, Relay, SON, cross carrier scheduling, eICIC, enhanced downlink MIMO(except for 4X4 MIMO), MBMS, M2M/D2 are also not supported. SVLTE is not supported as described in the operational description.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Jenni Chun".

**Jenni Chun**
