

Description of E-label and Location

- FCC ID : A3LSMT975
- Model : SM-T975

This model is applied E-label, please find description of E-label below.

1. FCC ID(E-label): Setting -> About tablet -> Status

FCC certification
 FCC ID: A3LSMT975

<Device Display Screen>

2. Instruction of E-label on the User manual (online manual)

- Depending on the region or service provider, a screen protector is attached for protection during production and distribution. Damage to the attached screen protector is not covered by the warranty.
- You can see the touchscreen clearly even in strong outdoor sunlight by automatically adjusting the contrast range based on the surrounding environment. Due to the nature of the product, displaying fixed graphics for extended periods may result in afterimages (screen burn-in) or ghosting.
 - It is recommended not to use fixed graphics on part or all of the touchscreen for extended periods and turn off the touchscreen when not using the device.
 - You can set the touchscreen to turn off automatically when you are not using it. Launch the **Settings** app, tap **Display** → **Screen timeout**, and then select the length of time you want the device to wait before turning off the touchscreen.
 - To set the touchscreen to automatically adjust its brightness based on the surrounding environment, launch the **Settings** app, tap **Display**, and then tap the **Adaptive brightness** switch to activate it.

- Depending on the region or model, some devices are required to receive approval from the Federal Communications Commission (FCC). If your device is approved by the FCC, you can view the FCC ID of the device. To view the FCC ID, launch the **Settings** app and tap **About tablet** → **Status**.

- Depending on the region, you can view the regulatory information on the device. To view the information, launch the **Settings** app and tap **About tablet** → **Regulatory information**.

3. FCC ID on the Quick Start Guide

SAR information on this and other model tablets can be viewed on-line at <http://www.fcc.gov/oet/ea/fccid/>. Please use the tablet FCC ID number for search, A3LSMT975. Once you have the FCC ID number for a particular tablet, follow the instructions on the website and it should provide values for a typical or maximum SAR for a particular tablet. Additional product specific SAR information can also be obtained at <http://www.fcc.gov/encyclopedia/specific-absorption-rate-sar-cellular-telephones>.
