

Samsung Electronics America, Inc
19 Chapin Rd, Building D. Pine Brook, NJ 07058

Date: Jan. 26, 2022

FCC ID: A3LSMX808U

To whom it may concern:

Transmitted herewith is an application for a Class II Permissive Change Certification of the Mobile phone with FCC ID: A3LSMX808U.

This permissive change is to enable the following features via SW only:

- Enabled for LTE B14/30 and NR n30 bands.
- Support additional LTE CA, EN-DC FR1 and NR CA for Downlink combinations.

The EMC, SAR and CXX reports for this enabled frequency range are submitted to support for the C2PC PCE and CXX filing. This device support for additional Downlink Carrier aggregation combinations but the uplink powers remain the same as the original filing and therefore the original test result remain valid for existing bands.

Should you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Jenni Chun".
