- 2. Instruction of E-label on the User manual (online manual)
- Depending on the region or model, some devices are required to receive approval from the Federal Communications Commission (FCC).

If your device is approved by the FCC, you can view the FCC ID of the device. To view the FCC ID, launch the Settings app and tap About tablet → Status information. If your device does not have an FCC ID, it means that the device has not been authorised for sale in the U.S. or its territories and may only be brought to the U.S. for the owner's personal use.

- The use of mobile devices on aeroplanes or ships may be subject to federal and local guidelines and restrictions. Check with the appropriate authorities and always follow crew instructions regarding when and how you may use your device.
- Depending on the region, you can view the regulatory information on the device. To view the information, launch the Settings app and tap About tablet → Regulatory information.

 ${\sf SAR}\ information\ on\ this\ and\ other\ model\ tablets\ can be viewed\ on-line\ at$

http://www.fcc.gov/oet/ea/fccid/. Please use the tablet FCC ID number for search, A3LSMX900.

Once you have the FCC ID number for a particular tablet, follow the instructions on the website and it should provide values for a typical or maximum SAR for a particular tablet. Additional product specific SAR information can also be obtained at http://www.fcc.gov/encyclopedia/specific-absorption-rate-sarcellular-telephones
