

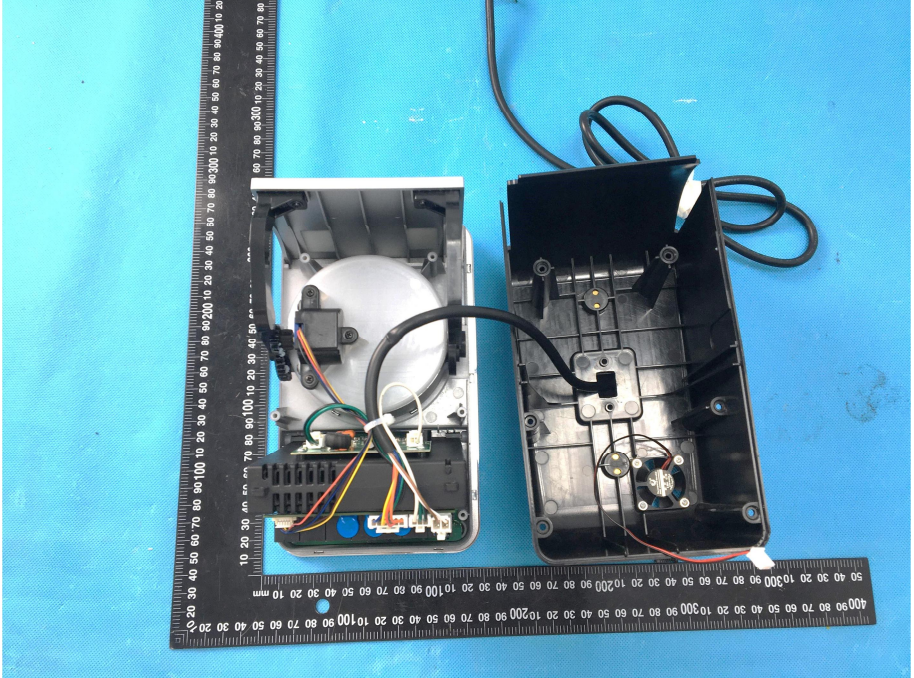

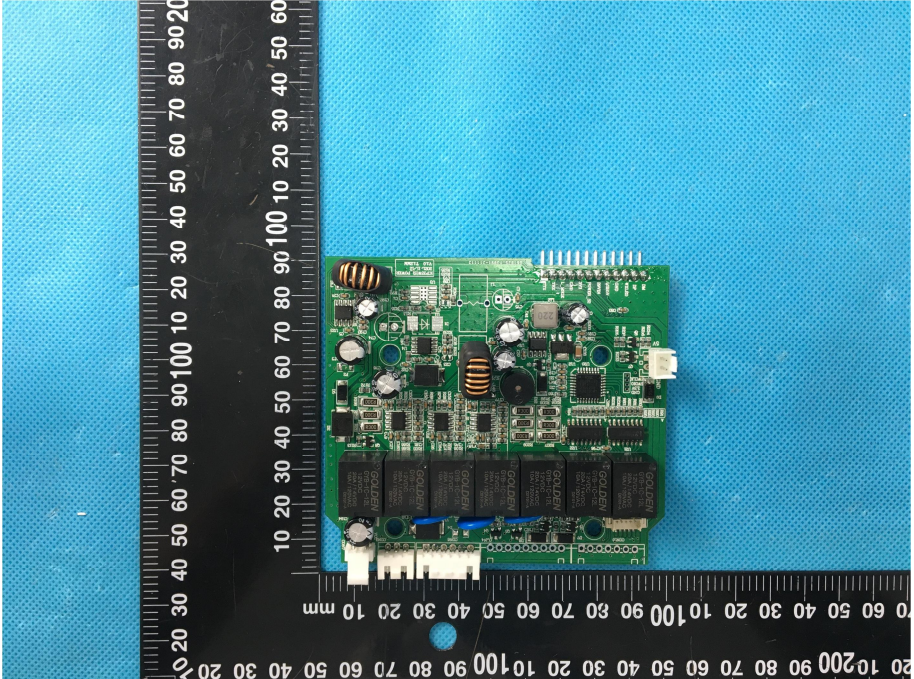

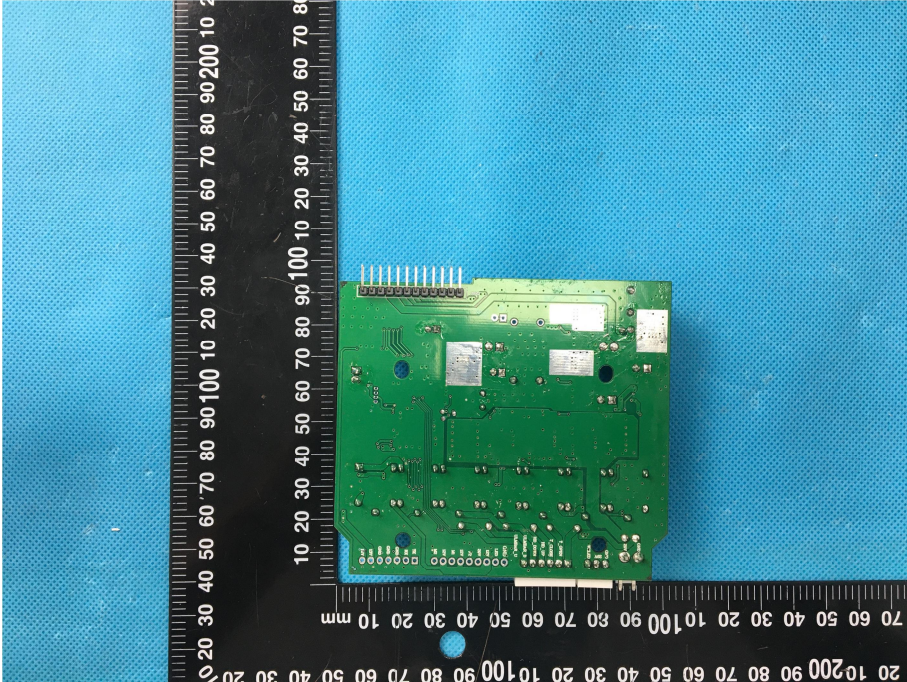

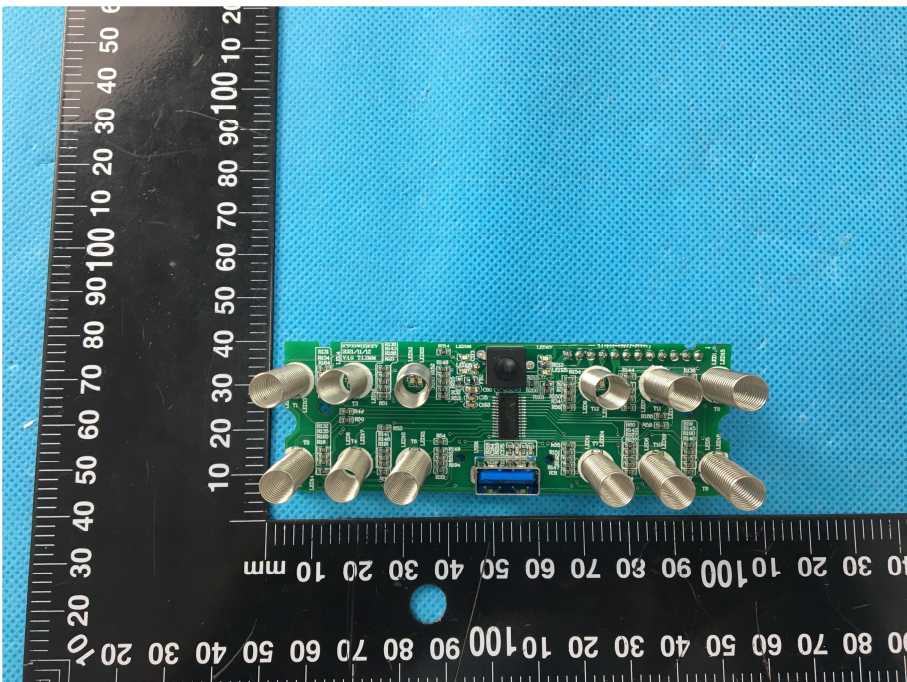

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 A photograph showing the internal components of an EUT (End User Terminal) housing. The housing is open, revealing a white circular component, likely a speaker or microphone, and a green printed circuit board (PCB) with various electronic components. A black plastic cover is placed to the right of the housing. A black ruler is positioned vertically on the left side of the housing for scale. The background is a blue textured surface.
<p>Solder Board-Component View 1</p>	 A close-up photograph of a green printed circuit board (PCB) component, likely a solder board. The board is populated with various electronic components, including integrated circuits, capacitors, and resistors. A black ruler is positioned vertically on the left side of the board for scale. The background is a blue textured surface.

<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The board is rectangular and populated with various electronic components, including a large integrated circuit (IC) in the center, several smaller surface-mount components, and a multi-pin connector along the top edge. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the board is approximately 100 mm wide and 60 mm high.</p>
<p style="text-align: center;">Solder Board-Component View 3</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 3'. This board is populated with several large, cylindrical metal components, likely connectors or relays, arranged in two rows. It also features a blue USB port and other surface-mount components. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the board is approximately 100 mm wide and 60 mm high.</p>
