MAIN BOARD 1 FRONT VIEW

A circular green printed circuit board (PCB) is shown next to a ruler for scale. The ruler indicates the board's diameter is approximately 60mm. The PCB is populated with various electronic components, including a central microcontroller (labeled 'ES04 V5.1'), several capacitors (e.g., '220 16V 1T', '100'), resistors, and other surface-mounted components. The board has a central circular hole and is surrounded by a larger circular area with a grid of small holes, likely for mounting or testing.
