To whom it may concern:

The enclosed documents constitute a formal submittal and application for a Class II Permissive change for a licensed non-broadcast terrestrial navigation station transmitter pursuant to the following rules:

Subpart M of Part 90 of FCC Rules (CFR 47) – Requirements for Private Land Mobile Radio Services

This permissive change application is to add a bandwidth / emissions designator to the equipment authorization for this device. This new bandwidth is achieved through a software change. No change in the hardware has been made.

National Technical Systems, as duly authorized agent prepared this submittal. A copy of the letter of our appointment as agent is included with the application.

If there are any questions or if further information is needed, please contact National Technical Systems for assistance.

Sincerely,

David W. Bare
Chief Engineer
