Ref: FCC Class II Permissive change for FCC ID: A4RNC2-6A5-D
(Original Grant date: 10/4/2016)
Applicant: Google Inc.

Dear Examiner,

This is to request a Class II permissive change for FCC ID: A4RNC2-6A5-D, originally granted on 10/4/2016.

The major change filed under this application is:

Change #1 Alternate shield cover

Preliminary testing indicates that DSS and DTS is a class 1 permissive change. Only UNII is requiring a class 2 permissive change. Since power is equivalent or lower than original filing, the original MPE report is considered worst case.

If you have any questions regarding this application, please feel free to contact me.

Sincerely Yours,
