RE: CONFIDENTIALITY REQUEST FOR OPEN ROAD QUICKVU WIRELESS BACKUP  
CAMERA ORQV1100 FCC ID# A6M-TRORQV1100CAM

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the schematics, BOMs, theory of operation, layout plots, and block diagrams, required to be submitted with this application be permanently withheld from public review.

The reason we are requesting confidentiality is that the above documents are company proprietary information that could never get into the possession of our competition, or would only with significant difficulty be determined through reverse engineering.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Mitchel Hanks".
