FCC Part 15 Application
For
Certification
(Low Power Transmitter)

**Three Button Wireless Key Fob Transmitters
Models: 4003**

FCC ID: A794003

Intertek Testing Services

The Sentrol Model 4003 Three Button Wireless Key Fob Transmitter is designed to be used with Sentrol 4000 Wireless System having a receiver with Revision J or later software. It is designed as a portable, unsupervised transmitter. It is intended to function in applications where the user will be within the installer verified operating range of the overall system. The 4003 is provided with a replaceable 3 volt CR2032 Lithium battery.

The 4003 Key Fob transmitter has three buttons labeled “A”, “C” and “OFF”. The “OFF” button always performs the disarm function. The “A” and “C” buttons can be programmed to function as Arming, Panic, Aux./Medical and other ancillary functions.
