Re: FCC ID: A7FEA065

To Whom It May Concern:

The following application is submitted on behalf of our client, JL Marine Systems, Inc., for evaluation of their model EA065 for certification under FCC Part 15.247.

The model EA065 is a dash mounted, battery powered remote control. The device transmits in the 900 ISM band.

The EUT was evaluated in full to the aforementioned test requirements and was determined to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'.
