A-PEX

In reference to FCC ID: A7RM2A7B

Mr. Kioka

Upon completion of review of the DVD / VCR application FCC ID: A7RM2A7B, there are several issues that must be addressed before the application can be granted by ATCB.

Please address each issue below.

- 1) Please provide a clear copy of the label with the FCC ID number legible for reading.
- 2) Referring to the data on the RF Level output, please add a note to the data explaining the correction factor. The number is listed as a positive number, but appears to be subtracted from the total reading. Please correct pages showing either the proper correction factors or formula for calculating the final result.

Regards

David A. Case NCE
Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination.

Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
